

UIA introduces the new web check-in system

Ukraine International Airlines keeps migrating to the new Amadeus Altea web check-in system and, therefore, introducing the system at the carrier`s base and off-base airports.

Currently, web check-in is available to UIA passengers departing from:

- Ukraine: Dnipro, Kiev, Lviv, Odesa, and Kharkiv;
- Europe: Athens, Barcelona, Berlin, Bologna, Warsaw, Vienna, Venice, Vilnius, Dusseldorf, Larnaca, Milan, Minsk, Munich, Prague, Riga, Rome, Stockholm, and Frankfurt;
- CIS countries: Minsk and Chisinau;
- North America: New York;
- Asia: Amman, Ankara, Baku, Yerevan, Colombo, Kutaisi, Beijing, Istanbul, Tbilisi, and Tel Aviv.

To use web check-in, a passenger should visit the UIA website or log in the UIA check-in app within the period of 48 – 1 hour prior to scheduled departure, fill out his personal and flight details, and receive an e-boarding pass.

Currently, passengers may check-in online via all stationary

and Android-based portable devices. Shortly, iOS- users will be also provided with an opportunity to use web check-in.

UIA expects to introduce the new web check-in system across its network in late April 2017.
